

The composition information contained in this document is given within the framework of the requirements associated with Regulation (EU) 2022/477 amending Regulation EC 1907/2006 (REACH).

## 1. Identification of the item and the company

### 1.1. Product Identifier

**Name du Produit:** Accused Atohclean

**Description:** Embossed non-woven wipe impregnated with ethanol

**Numéro UFI :** KA00-S0FG-8000-T4OH

### 1.2. Relevant identified uses of the substance or mixture and uses not recommended

**Identified Uses:** Industrial Degreasing Product

### 1.3. Information about the provider of the safety data sheet

**Company:** GEKATEX SA

181 Léon Beauchamps Street  
59930 La Chapelle d'Armentières  
FRANCE

**Phone** 00 33 3 20 17 97 00

**Address E-mail** [contact@gekatex.com](mailto:contact@gekatex.com)

### 1.4. Emergency call number

**Telephone INRS-ORFILA00** 33 1 45 42 59 59

## 2. Hazard identification

### 2.1. Classification of the substance or mixture (EC) 1272/2008

**Physical hazards** Flammable product: category 2.

**Human Health Hazards** Significant ocular Attacks/Eye Irritation: Category 2

**Environmental hazards** Out of category

2.2 . Labelling elements**Pictograms**

GHS07

GHS02

**Warning note**

H228 – Flammable solid  
 H319 - Causes severe eye irritation

**Hazard statements**

P210 - Keep away from heat/sparks/open flames/hot surfaces. — Do not smoke.  
 P280 - Wear protective gloves/protective clothing/eye/face protection equipment.  
 P305+P351+P338 - IN CASE OF CONTACT WITH EYES: rinse carefully with water for several minutes. Remove contact lenses if the victim is wearing them and they can be easily removed. Continue to rinse.  
 P273 - Avoid release to the environment.

**Warning Statements**

P502: Refer to the manufacturer/supplier for information regarding recovery/recycling.

2.3 Other Hazards

No other danger identified in the current state of our knowledge

### 3 . Composition / Component Information

Only products meeting the criteria for classification as hazardous according to the CLP (Classification Labelling and Packaging of substances and mixtures) / Regulation (EU) 1272/2008) are included in the attached tables

3.1. Substances

Not applicable. This product is defined as a mixture.

3.2. Mixtures

CAS Number	CE Number	Percentage	IUPAC Name	INCI Name	Classification CE1272/2008 (1)
64-17-5	200-578-6	96%	Ethanol	Ethanol	Flam. Liq. 2, H225 Eye Irrit.2, H319
67-63-0	200-661-7	< 4%	isopropanol	propane-2-ol	Flam. Liq. 2, H225 Eye Irrit.2, H319 STOT SE3, H336

(1) : Full wording of the H and P classifications in paragraph 2

## 4. First Aid

### 4.1. Description of first aid

<b>Inhalation</b>	Bring to the open air in case of massive inhalation. Consult a doctor if there are any unusual symptoms.
<b>Ingestion</b>	Do not induce vomiting, rinse the mouth. Urgently consult a doctor and show him the label.
<b>Skin contact</b>	In case of contact, rinse the skin immediately with plenty of water. Remove contaminated clothing and shoes and wash them before reuse. Consult a doctor if there are any unusual symptoms.
<b>Eye contact</b>	Remove contact lenses and open eyelids wide. Rinse with water. Continue to rinse for at least 15 minutes and consult a doctor.

### 4.2. Main symptoms and effects, acute and delayed

See section 11

### 4.3. Indication of any immediate medical care and special treatment required

Seek advice from a poison control centre or toxicologist

## 5. Firefighting measures

### 5.1. Extinguishing means

All extinguishing agents are allowed: foam, sand, carbon dioxide, water, powder.

### 5.2. Special hazards arising from the substance or mixture

Eventually, because of organic matter, a fire could produce thick black smoke. Exposure to decomposition products could pose health risks. Do not breathe in the fumes.

### 5.3. Advice to firefighters

Special protective equipment: Wear breathing apparatus independent of ambient air (insulating self-contained breathing apparatus) and full protective clothing.

## 6. Measures to be taken in the event of accidental dispersal

### 6.1. Personal precautions, protective equipment and emergency procedures

Refer to the protective measures listed in sections 7 and 8.

Wear safety equipment. Keep unprotected people away.

Avoid contact with skin and eyes.

Avoid inhaling vapors. Ventilate the premises.

### 6.2. Precautions for environmental protection

Avoid spilling inlet or flow into pipes, sewers or streams. Inform the competent authorities in case of environmental pollution (sewers, rivers, soil and air).

### 6.3. Containment and cleaning methods and equipment

Cleaning methods: Absorb the spill with sand or any other inert absorbent. Collect the spill for recovery or disposal in sealed containers via an approved waste disposal provider. Rinse the contaminated area with large waters.

### 6.4. Reference to other sections

/

## 7. Handling and storage

### 7.1. Precautions to be taken for safe handling

Do not swallow  
Observe labour protection regulations.  
Never open packages by pressure  
Avoid contact with skin, eyes and clothing.

### 7.2. Conditions for safe storage, including possible incompatibilities

Store tightly closed in a dry, well-ventilated and cool place.  
Store in a temperate room.  
Opened packages must be carefully closed and kept in an upright position.  
If an expiry date is indicated on the packaging, respect it.  
Store away from the following products: Oxidants. Keep away from ignition sources.

### 7.3. Specific end-use(s)

/

## 8. Exposure Control / Personal Protection

### 8.1. Control parameters

Components with threshold values to monitor per workstation:

Nom INCI	Nom IUPAC	VME(ppm)	VME (mg/m3)	VLE (ppm)	VLE (mg/m3)
Ethanol	Ethanol	1000	1900	5000	9500
isopropanol	propane-2-ol	400	980	400	1000

### 8.2. Exposure controls

#### **Eye/face protection**

Wear protective eyewear against chemical splashes.

#### **Hand protection**

Wash hands before breaks and at the end of work.  
Wear protective gloves to avoid direct contact with the impregnating fluid

#### **Other protection of the skin and body**

Immediately remove soiled or moistened clothing.

**Respiratory protection**

Wear a respirator equipped with a suitable cartip.

## 9. Physico Chemical Properties

### 9.1. Information on essential physical and chemical properties

Form	Permeated Products
Liquid color:	Colorless
Odor	Alcohol
Flash Point	13°C
Fusion Point	N/A
Upper Explosive Limit	N/A
Lower Explosive Limit	N/A
PH	N/A
Viscosity	N/A
Relative density	Undefined ( liquid : 0.80 )
VOC	100%
Other Information	Not relevant

### 9.2. Other information

/

## 10. Stability and Responsiveness

### 10.1. Responsiveness

No dangerous reaction in case of use and proper storage

### 10.2. Chemical stability

Stable at room temperature.

### 10.3. Possibility of dangerous reactions

See 10.1, 10.2 and 10.5

### 10.4. Conditions to avoid

Do not mix with other products.

None in case of use and compliant storage

### 10.5. Incompatible substances

No incompatibility with the dose of use. For sensitive metals such as aluminum, crude steel or aluminum-based alloys, it is best to test on a small part.

### 10.6. Hazardous decomposition products

High temperature, smoke and monoxide and carbon dioxides and nitrogen oxides

## 11. Toxicological information

### 11.1. Information on toxicological effects

The product has not been tested. Toxicological data are deduced from the properties of the different constituents.

**Acute toxicity** Not classified within the meaning of CLP Regulation 1272/2008.

#### **Toxicity of raw materials:**

Nom INCI	Nom IUPAC	DL50 Oral	LD50 Cutaneous	CL50 Inhalation	Cash	Time (h)
Ethanol	Ethanol	6200 mg/kg	-	-	Rat	N
Ethanol	Ethanol	-	15800 mg/kg	-	Rabbit	N
Ethanol	Ethanol	-	-	30000 mg/l	Rat	4
isopropanol	propane-2-ol	4570 mg/kg	-	-	Rat	N
isopropanol	propane-2-ol	-	13400 mg/kg	-	Rat	N
isopropanol	propane-2-ol	-	-	25000 mg/l	Rat	6

**Inhalation** Unclassified within the meaning of CLP Regulation 1272/2008.

**Ingestion, aspiration** Not classified within the meaning of CLP Regulation 1272/2008.

**Skin contact** Not classified within the meaning of CLP Regulation 1272/2008.

**Eye contact** Not classified within the meaning of CLP Regulation 1272/2008.

## 12. Ecological information

### 12.1. Toxicity

None

### 12.2. Persistence and degradability

The surfactant(s) contained in this product meet the biodegradability criteria as defined in Regulation (EC) No 648/2004 on detergents. The data proving this

assertion shall be made available to the competent authorities of the Member States and shall be provided to them at their express request.

12.3. Bioaccumulation potential

No additional data available.

12.4. Mobility in soil

No additional data available.

12.5. Results of PBT and vPvB assessments

No additional data available.

12.6. Other adverse effects

No additional data available

## 13. Disposal Considerations

13.1. Waste treatment methods

**General information**

The disposal of this product, production intermediates, residues and by-products must always comply with the legal provisions on environmental protection and waste disposal and any requirements of local authorities.

**Waste treatment methods**

Dispose of waste at a waste disposal site approved according to the requirements of the local waste disposal authority. Do not dispose of untreated waste in sewers unless in full compliance with the requirements of local water authorities. Collect used packaging for reuse or recycling.

## 14. Transport information

### 14.1. UN number

UN3175

### 14.2. United Nations proper shipping name

Solid containing flammable liquid

### 14.3. Transport hazard classes

Class 4.1

### 14.4. Packing group

II

#### 14.4.1 Inner Packaging

Sachets Tri-complexe: PETP corona treated / PETP metal / PE (Coex)

### 14.5. Environmental hazards

None

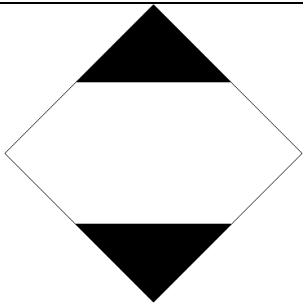

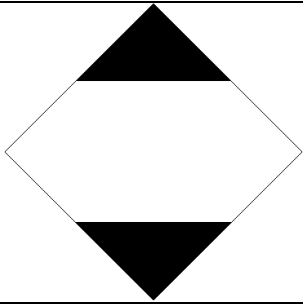

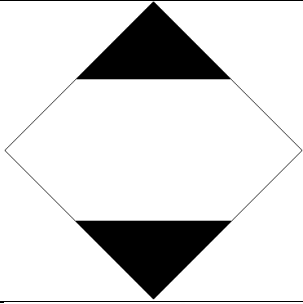

### 14.6. Special precautions to be taken by the user

None

14.7. Carriage in bulk in accordance with Annex II to Marpol 73/78 and the IBC Code

None

GEKATEX declares to send this product exclusively in Limited Quantities; of which here is the specific label according to the different modes of transport.

<u>Regulatory Information</u>	<u>UN Number</u>	<u>Shipping Name</u>	<u>Class</u>	<u>Packaging group</u>	<u>Etiquette</u>
Classification ADR / RID	UN 3175	Solid containing flammable liquid (ethanol, isopropyl alcohol)	4.1	II	
Classification ADNR	UN 3175	Solid containing flammable liquid (ethanol, isopropyl alcohol)	4.1	II	
IMDG Classification	UN 3175	Solid containing flammable liquid (ethanol, isopropyl alcohol)	4.1	II	
IATA Classification	UN 3175	Solid containing flammable liquid (ethanol, isopropyl alcohol)	4.1	II	

## 15. Information on Regulation

### 15.1. Safety, health and environmental regulations/legislation specific to the substance or mixture

**EU legislation** Regulation (EU) 2015/830 (28 May 2015) amending Regulation EC 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH).

### 15.2. Chemical safety assessment

The information from the chemical safety assessment of the substances present in the product shall be included in the appropriate sections of this safety data sheet whenever necessary.

## 16. Additional Information

The Information given in the Article Information Sheet corresponds to the maximum of the state of our knowledge, our information and our convictions at the date of its publication. The information given is intended solely as a guide for safe handling, use, processing, storage, transport, disposal and release and not as a guarantee or as quality specifications. This information relates only to the specifically designated material and may not be valid for such materials used in combination with any other material or in any process or if the material is altered or transformed, unless specified in the text.
